

A Physiotherapy Service will be offered at this event.

The fee charged will be **£25.00 per team** and this will cover all treatments during the championships for players within the team. This fee is **not refundable** in the event of the physiotherapy service not being required.

**Please note that we are no longer offering a taping service.** England Netball does not have the resources to provide a quality service to the large number of players requesting this service prior to the start of play without significantly increasing the cost to the players.

The Physiotherapists on duty at the tournament will only treat injuries that have occurred **during** the tournament.

Teams **not** choosing to pay the advance physiotherapy fee will be charged **£35.00 per treatment**.
