14. SPECIAL REGULATIONS

14.1 PREGNANT PLAYERS AND UMPIRES FITNESS

- Pregnant players may not take part beyond 12th week of pregnancy.
- Umpires are expected to conform to a standard of physical fitness, (Multi Stage Fitness Test Levels submitted prior to Appointment) which allows them to keep pace with the speed and variability of the game(s). However, if age, injury, illness or pregnancy is likely to affect the umpires movements and positioning to the detriment of the game, she/he will be required to withdraw from officiating.
- At the discretion of England Netball an appropriate penalty may be imposed on the umpire concerned.
- England Netball, reserve the right to withdraw an umpire from the Tournament should this become necessary. The decision will be made by two nominated Court Managers in consultation with the Umpire Co-ordinator and after observation of the Umpire concerned.

14.2 PLAYERS AND BLEEDING

Please note Rule 7 clearly states the procedure regarding players and bleeding. However, where no time is allowed for injuries the following should apply:

- If the bleeding is not profuse, the player should be asked to cover the injury at the next interval.
- If the bleeding is very heavy, the player will be asked to leave the court for the dressing of the injury and to return according to rule 7.
- In these shorter matches, it is not the intention to penalise a team with an injured player and Umpires will need to be very aware of the time of the next interval, in order to keep a player on court unless it is absolutely necessary to have the injury covered. A sticking plaster could be used in order to stem the flow until the next interval.
- **PLEASE NOTE: IT IS THE RESPONSIBILITY OF THE TEAM OFFICIALS TO HAVE FIRST AID DRESSINGS AVAILABLE AT THE SIDE OF THE COURT.**
- If dressings are not available, then a substitute would have to be used or the team would have to play on with only six players.

14.3 UMPIRES AND BLEEDING

- Play may be stopped for injury or illness or any other cause. This would allow the Umpires to stop the game if she/he sustained an injury herself/himself.
- In tournament play where no time is allowed for stoppages, the Umpire should try to wait until the next interval before dealing with her/his injury. If the injury is bleeding, the Umpire should avoid touching the ball. This may mean that she/he should request the other Umpire to take any Toss Up that she/he may award, until she/he can deal with her/his own injury. It may now be advisable for Umpires to keep an Elastoplast about their person in order to deal with any small injury that may occur. In the event of a major injury to either a player or an Umpire, the game would have to be stopped and the Tournament Referees would have to make a decision as to how the emergency situation would be coped with.

14.4 CLOSE RANGE PHOTOGRAPHY

- The England Netball Safeguarding guidelines require that any person wishing to engage in any video, zoom or close range photography should register their details with staff in the Registration area before carrying out such photography.
